

ANOTHER GREEK SUSPECT TAKEN INTO CUSTODY

Sam Diekis is Arrested at Vermont; Now at Rushville

(By The Associated Press)

RUSHVILLE, May 2.—Arrested at Vermont thirty miles from Frederick where Sheriff Lashbrook and two deputies were shot to death, Sam Diekis, one of the Greek section hands, accused of the shooting was brought to Rushville this afternoon.

A crowd which met the train was driven back and Diekis was taken to a waiting automobile. He was conveyed safely to the county jail.

He wasn't hurt physically but he was nearly frightened to death. The crowd followed the automobile to the county jail and as Diekis stepped to the sidewalk a bold member of the crowd stepped up behind him and yelled, "boo."

The prisoner grabbed for the deputy sheriff's gun and scared almost stiff that official said.

This incident proved the temper of the people and increased the belief that the 29 section hands held in Morgan county jail at Jacksonville may be removed to Rushville.

According to Diekis' story, he was the section hand shot at by Chief Deputy Sheriff J. M. Kelly who survived the volley fired from the bunk cars. Diekis said he dropped into the water and lost his hat. Later he got into one of the box cars and escaped on the opposite side, while a posse was approaching to search it. He said he had walked most of the way from Frederick to Vermont.

Continuing in session until late this afternoon the grand jury gave no indication of adjournment.

Reports from their meeting thru official sources were that it seemed that indictments would more than likely be returned against the alleged agitators of Frederick and Browning than against the section hands, who did the actual shooting.

Tells Story of Escape

In broken English a jumbled mixture of Anglo-Saxon and Greek, Sam Diekis tonight in the county jail told the story of his escape to newspapermen. Diekis talks good English when in control of his faculties but his nerves were gone completely shattered by the strain under which he has labored in attempting to escape the hands of the law.

Diekis said he was one of thirty Greeks in the bunk cars when the fatal volley was fired. But when the other Greeks fled, he said, fear prompted him to hide in his bunk. For many minutes, he said, he sat on the edge of his bunk staring into the night expecting every instant to hear the noise of an approaching posse. Finally, when the searchers arrived, Diekis said he remained in his hiding place until Deputy Kelly and his companions entered from one side of the car. Then he fled out the other door, he said, with a hail of bullets whining past him. In his hasty, headlong flight, Diekis said, he stumbled and fell, losing his hat. All that night he ran and walked, he said, spurred to inhuman efforts by the fear of violence that he was positive awaited him at the hands of the officers. He arrived in Vermont hours later.

Finding of Diekis' hat in the water gave rise to the belief that he had been killed.

Falling to find four youths of Frederick and Browning guilty of agitation against the Greek laborers, the Schuyler county grand jurors will convene at 9 o'clock in the morning to determine whether or not the evidence presented to them is sufficient to indict all or part of the laborers on charges of manslaughter or murder. The investigators recessed at the usual time this afternoon after an hours discussion of testimony heard during the day.

GOVERNMENT'S ATTITUDE TO BE UNCHANGED

Will Make No Move in Coal Strike for the Present

(By The Associated Press)

WASHINGTON, May 2.—Indications were given today that the administration policy toward the bituminous coal strike would remain unchanged for the present altho President Harding's advisers and officials concerned have given attention recently to proposals looking to intervention in the increase notwithstanding the strike, fairly peaceful conditions in mining districts as evidenced by confidential reports from almost every locality from government agents and undisturbed price levels, it was declared, might allow adjustments eventually without federal action.

Secretary Hoover has had underway a study of the industry, particularly with reference to market conditions which occasion in it part time operations and intermittent employment. It was not indicated today, however, that these studies had direct relation to the wage controversy which caused the national strike but it was considered they might have some indirect bearing.

Secretary Davis was also understood to have gathered data on a variety of plans submitted looking to federal action. Some of them involved creation of federal regulatory commissions and are in line with house labor committee proposals which have been put before President Harding by Chairman Nolan and Representative Bland, Republican, Indiana, in the Bland bill.

Representatives of operators in various districts and also of the United Mine Workers have kept closely in contact with the research work and discussions. None of them however, anticipate any action for the moment from the executive department.

REPORT OF BOARD IS RECEIVED ON SCRAPPING SHIPS

Officers Make Recommendations Under Limitation Treaty

(By The Associated Press)

WASHINGTON, May 2.—Recommendations that capital ships to be scrapped under the naval limitation treaty be disposed of by sale on the stocks in the case of those under construction and by sale for junk or sinking by gun fire in the case of completed ships are contained in the report of the board of naval officers appointed to consider ways and means of carrying out treaty provisions. A preliminary estimate of \$70,000,000 as the cost of operation is included in the report.

The board recommends that the scrapping board battle cruiser Lexington, under construction at Fall River, Mass., and building by the New York Shipbuilding Company at Cambridge, Mass., be converted into airplane carriers under the treaty terms the other four battle cruisers to be sold on the stocks to the highest bidder.

The board in its report made public today urged that the \$70,000,000 be made immediately available stating that a considerable saving on ship building under contract to be scrapped would be made if the terms of settlement were worked out promptly with the contractors. It was pointed out at the navy department, however, that the figure of \$70,000,000 was purely tentative.

BELIEVES MOUNDS MADE BY MAN

URBANA, Ill., May 2.—Observations made at his preliminary survey of the Cahokia Mounds in Madison and St. Clair counties last autumn confirm the opinion of Archaeologists that the mounds were made by man and are not natural. Warren K. Moorhead, archaeologist, states in his official report to the University of Illinois made public today. Dr. Moorhead conducted the survey under direction of the University and recently resumed his investigations. The report states that a thorough understanding of Cahokia its pre-historic culture and the relation of its unrecorded inhabitants to other mound builders in the Mississippi Valley is a work of ten years. Dr. Moorhead states he hopes to complete the task.

SENATE TAKES FIRST VOTES ON TARIFF

WASHINGTON, May 2.—The senate had its first votes today on the administration tariff bill approving the committee rate of five cents on active anhydride after rejecting 21 to 37 an amendment by Senator King, Utah, to cut the duty to the 24 cents in the Underwood bill. The rate in the house bill was eight cents.

After disposing of this the senate voted to meet tomorrow at 11 a. m., one hour earlier than usual, and Republican leaders plan for the present at least to extend the daily sessions by this extra hour in an effort to speed up consideration of the tariff measure.

CHINESE ARMIES ARE ENGAGED IN SEVERE FIGHTING

General Wu Pei Fu Trying to Get Control of Railway

(By The Associated Press)

PEKING, May 2.—Heavy cannonading was in progress today at various points along the front extending from Machang, south of Tientsin, across the country to the vicinity of Peking. Severe fighting occurred at a point along the Huo Ho river thirty miles south of this city where 40,000 troops of General Wu Pei Fu, the Chinese leader endeavored to force a crossing in order to gain control of the Peking-Tientsin railway.

General Chang Tso-Lin, governor of Manchuria and head of the opposing forces from his headquarters near Tientsin, ordered trains to convey the main body of his 100,000 soldiers to the front south of the great wall. Two Manchurian airplanes flew over Tientsin and proceeded westward.

Later airplanes dropped bombs near the station at Hwangtun a short distance from here.

Advices received by military attaches here said Wu Pei Fu was sending troops westward at the greatest possible speed.

Fifty thousand of his troops, concentrated at Paotungfu are being reformed from the Yangtze provinces. Seventy thousand others recruited from Shantung are marching against Chang Tso-Lin's southeastern stronghold at Machang.

Two thousand dead and wounded were found on the field after the battle at Chang Sientun outside of Peking.

Corporal Mason, an American marine from Colorado was shot in the arm but was not seriously wounded.

General Wu Pei Fu is continuing his troops west to Peking in an endeavor to envelope General Chang's northwestern ring. This precipitated fighting which lasted all night at Fengtai, ten miles from Peking.

Rear-Admiral Joseph Strauss, commander of the United States Asiatic fleet was due to arrive in Peking tonight to confer with Jacob Gould Schurman, the American minister regarding the measures for the protection of foreigners. Peking is considered thoroughly protected.

WHY NOT GO OVER TO RUSSIA AND LIVE?

(By The Associated Press)

CLEVELAND, O., May 2.—The national convention of the Socialist party adjourned today leaving the adoption of a congressional platform and the mapping out of the party's campaign for the coming election to its executive committee called to meet in New York, May 20.

Among the more important resolutions adopted were ones calling for complete recognition by the United States of Soviet Russia by resumption of diplomatic relations; pledging support to the coal miners strike and condemning alleged despotism rule in West Virginia, where miners are being tried on treason charges.

Policies of the government in its relations with Haiti, San Domingo, Mexico, Honduras, Nicaragua, Colombia, Guatemala and other Latin-American countries were severely criticised in resolutions, the contention being made that such policy "is reducing them to submission and eventually transforming those countries into vassals of American finance and capital."

Another resolution instructed the executive committee to do all in its power to bring about a strong and influential Pan-American Socialist movement.

The new executive committee comprises Morris Hilquit and R. C. Valadeck, of New York; William Henry, of Indiana; James H. Maurer of Pennsylvania, and George E. Rower, Jr., of Massachusetts, Victor L. Berger and Edmund T. Meins of Wisconsin.

Morris Hilquit was re-elected international secretary. The executive committee is to name and determine the number of delegates to the next Vienna international, with which the party, earlier, in the convention decided to affiliate.

ALLEGED SWINDLER PLACED UNDER ARREST

New York, May 2.—At the arraignment today of Arthur C. Phillips, 30, of Dickinson Center, N. Y., before United States Commissioner S. M. Hitchcock on a complaint charging fraud, agents of the department of justice alleged that since he was mustered out of the service in 1920 he has been on a honeymoon trip thru the west and south at the expense of the government by representing himself to be a government officer. He was arrested at Augusta, Ga., on a charge of passing worthless checks. Prosecutor Matuck said that Phillips faces similar charges in Maryland, Ohio, Iowa and other states.

Receive Letter in Hoopeston Mystery

(By The Associated Press)

DANVILLE, Ill., May 2.—A letter bearing the stamp of the Ross-ville, Illinois, postoffice, was received today by W. T. Hanna, of Hoopeston, father of Miss Gertrude Hanna whose body was found in the basement of a parsonage there, which may have an important bearing on the mystery surrounding her death.

It was written with a lead pencil, and signed "From Mrs. Nora Cloud, Rossville, Ill." as follows: "Mr. W. T. Hanna: "Your daughter probably met some correspondent and has been slain. She wanted a job and I told her I would try and get her one playing for—Music company. "I promised to meet the proprietor there and arrange for a settlement for her playing. They needed girls and I told him of your daughter. I think if you would call a Philadelphia (man) and see him that he might confess."

State's Attorney John H. Lewman tonight said he had not been notified of the receipt of this letter, but would investigate it as soon as possible. Sheriff Knox and County Coroner John Cole said they knew nothing about the letter.

Chief of Police Bogart of Hoopeston stated that he would investigate the letter tomorrow.

"I have tried to forget the Hanna case today while attending to this trial," said Sheriff Knox. He was attending the circuit court where John F. Corder, Big Four yardmaster at Lyons, was today placed on trial for the murder of Miss Jane Hardy last November.

"We have learned very little during the last few days concerning the mysterious death of Miss Hanna," he resumed. "We have questioned many people but appear as far from a solution as ever. The chemist's report on the analysis of Miss Hanna's stomach may tell us something and it may not."

State's Attorney Lewman was also engaged in the Corder trial and tonight said he had not paid much attention to the Hanna case during the day.

Investigation tonight disclosed that Mrs. Cloud was sent to the Kankakee Insane Asylum several months ago, and was released from there about two months ago. This caused State's Attorney Lewman and Sheriff Knox to believe the letter the product of a diseased mind, and announce that they would pay no more attention to it.

TREASURY BUILDING NARROWLY ESCAPES DESTRUCTION TODAY

(By The Associated Press)

BULLETIN

WASHINGTON, May 3.—Flames which burst from the roof of the treasury department shortly after 1:30 a. m. today (Wednesday) eating their way thru a superstructure and spreading to the central portions of the roof, were brought under control after threatening heavy damage to the building.

WASHINGTON, May 3.—Fire broke out on the roof of the treasury about 1:45 today. Rapidly gaining headway in a low superstructure on the roof the flames in a few minutes were leaping twenty feet in the air.

Following an explosion of chemicals stored where the fire originated the flames appeared to be rapidly gaining headway. Four alarms had been turned in fifteen minutes after the fire was discovered.

Several smaller explosions occurred in quick succession as the flames rose to a height of 30 or 40 feet and appeared to be enveloping the entire central portion of the roof. Sparks from the fire were being swept by a light southeast wind in the general direction of the white house but it was believed that structure was in no danger.

Thirty minutes after the fire began the glow from the leaping flames was lighting up the entire downtown section of the city, casting a dull light over the white house and Washington monument.

As the first streams of water were played on the flames it appeared that they probably would be confined to the central portion of the roof to which they had spread from the superstructure.

FLOOD IN SOUTH GROWS CRITICAL

(By The Associated Press)

NEW ORLEANS, La., May 2.—Disastrous reports from flooded areas of the Atchafalaya River Basin especially from St. Martin parish in Southern Louisiana were received by Red Cross officials here today.

A committee was despatched at once to investigate conditions there.

The Atchafalaya river flood which already covers large areas of rich farming land by back water thru its tributaries, threatening to break thru the levees at a number of places, especially at Metairie, is being agitated by flood waters coming thru Avelerles parish from the Ferriday, La., crevasse. Unconfirmed reports today placed the number of homeless in that section at 6,000.

The food situation at the Louisiana refugee camps was relieved today with the arrival at Rhinehart, La., of provisions sufficient to provide for six thousand persons for ten days.

JURY ACQUITS OFFICER OF MURDER CHARGE

DECORAH, Iowa, May 2.—Matt Dotseth, Decorah policeman, tried on the charge of murdering his brother, Alfred Dotseth was freed by a jury here this afternoon in 28 minutes. The jury retired at 4:16 o'clock and returned the verdict "not guilty" at 4:44 o'clock.

TRIAL HALTS TO ALLOW SMALL TO SIGN 2000 BONDS

Judge and Attorneys Play Golf, Jury Plays Baseball

(By The Associated Press)

WAUKEGAN, Ill., May 2.—Governor Len Small's trial on charges of conspiring with Lieutenant Governor Fred E. Sterling and Vernon Curtis, Grant Park banker to embezzle state funds, halted today while the governor signed his name to two thousand \$1,000 road bonds the jury played baseball and went fishing and Judge and lawyers played golf.

At a short session the defense completed a tentative panel to fill the jury box but the state challenged three of the four prospective jurors and at adjournment had seated two to replace them and was still trying to get the fourth.

The lawyers for state and defense still hope the jury may be completed tomorrow and the actual trial started Thursday. No new jurors have been summoned for tomorrow. A venire of 50 which reported today holding over.

The early adjournment followed the arrival of Edward E. Miller, state treasurer with \$2,000,000 in road bonds, part of the \$6,000,000 which have been sold from the recent twelve million dollar issue. By agreement between C. Fred Mortimer, state's attorney of Sangamon county, and C. C. LeForge, chief of counsel for the governor, court adjourned at 1 o'clock to permit the governor to devote the afternoon to signing the bonds.

To Complete Work Today.

Half of them were signed during the afternoon and the governor planned to complete the work tonight and tomorrow morning.

Mr. Miller said the remaining \$4,000,000 worth will be brought to Waukegan within the next few days to be signed.

The bonds are worthless until returned to Springfield where they will be signed by the state treasurer.

Thirteen jurors passed thru the box in three hours today, yielding only two tentative selections by the state. These were Gus Nelson and William Mueller.

Judge Edward D. Shurtleff, of Marengo one of the three judges of this circuit, will open court in Waukegan Thursday in an effort to clear up Judge Claire C. Edwards docket which has become badly clogged as a result of the time devoted to the Small case.

ARBuckle DECLINES COUNCIL INVITATION

(By The Associated Press)

LOS ANGELES, Calif., May 2.—Roscoe C. (Fatty) Arbuckle, motion picture comedian today declined an invitation to appear before the Chicago City council and show cause why his pictures should not be barred from that city pending decision on an investigation of his manslaughter hearings in San Francisco by Will Hays, chief of the motion picture industry. The invitation was issued by the judiciary committee of the council.

Arbuckle today advised the committee that he would not care to appear until Hays' decision had been handed down.

Arbuckle thanked the council for "this evidence of fair play and decent American consideration." He suggested that his appearance before the council at this time might be premature because the people who control the films in which he appears have at Mr. Hays request withdrawn them from exhibition until Mr. Hays has investigated the complaints of those people who are unwilling to accept the verdict of an American jury composed of nine men and five women of the highest standard of citizen rendered after hearing all the facts.

BEVERIDGE HAS SLIGHT LEAD

BULLETIN.

INDIANAPOLIS, Ind., May 3.—Primary election returns for 728 of the 3,382 precincts in Indiana, gave Albert J. Beveridge, former senator, a total of 39,528 votes against 37,684 for Senator New in their contest for the Republican nomination for United States senator. The vote was scattered among 75 of the 92 counties of the state.

ASK LEAVE TO AMEND BILL

CHARLESTON, W. Va., May 2.—Prosecution counsel in the treason trial of William Blizard suggested in circuit court today that they might ask permission to amend their bill of particulars after Judge J. M. Woods ruled proof of conspiracy, under the present bill, would be confined to Kanawha county. The witness, who had been testifying was asked to step aside for the present.

STEPS TAKEN FOR PROSECUTION OF WAR FRAUD CASES

Harding Asks for Appropriation of \$500,000 for This Purpose

(By The Associated Press)

WASHINGTON, May 2.—Steps were taken by the executive and legislative branches of the government today for investigation and prosecution with vigor of war time fraud cases.

President Harding sent to the house a request for a special appropriation of \$500,000 to be used by the department of justice to investigate and prosecute all cases civil or criminal growing out of the war. Simultaneously, Attorney General Daugherty announced the appointment of former Representative Roscoe McCullough of Ohio, as a special assistant attorney general to take charge of the government's investigation and possible criminal prosecution of cases involving war camp contracts and expenditures.

The house rules committee also prepared to take up tomorrow the question of giving privilege status to the Johnson-Woodruff resolution calling for appointment of a special committee to investigate all contracts and expenditures by the war and navy departments and the alien property custodian during and since the war, and the settlement of government claims arising out of such contracts.

The attorney general in announcing the appointment of Mr. McCullough explained that investigation by the department of war time transactions has been going on as rapidly as possible with the funds congress has provided, and the use of other funds where they could legitimately be used for the purpose.

The president's budget communication to the house explained that the \$500,000 fund was needed, because of the inadequacy of present appropriations and asked that the fund be made available immediately.

TROOPS SAY THEY DO NOT INTEND TO GIVE UP BUILDINGS

Dissident Troops Are Still Holding Port Buildings

(By The Associated Press)

DUBLIN, May 2.—The buildings seized in Dublin by the dissident Republican troops remain in their possession and they repudiate all rumors that they intended to surrender them.

Ships are entering and leaving the port as usual, but the seizure of the port buildings has made it impossible to collect shipping dues.

The Kildare Street club seized by the irregular troops Monday has been fortified to resist any attack. The taking over of the Masonic buildings is the source of irritation to the more wealthy section of the population. The Sunlight Soap Building probably was seized because it houses the tax master of the high court, who took refuge there when the four courts building was seized some time ago. The Sunlight Building commands the approach to Dublin Castle and the city hall from the Grattan bridge.

News of seizures in Kilkenny by the dissident troops has been followed by a report that the official Irish Republican army troops have recaptured important buildings and taken forty prisoners. Much firing and shelling were reported from country districts today but no casualties have been reported. Today's events in Ireland indicate in the view of observers here a forcing of the pace by the extremists and the refusal by them of any compromise. It was pointed out tonight however, that the signatories to the agreement between the two army factions include men commanding the adherence of a large number of units among the dissident troops, especially in County Cork. The main line of traffic between Dublin, Cork and Kilkenny is blocked by obstruction at various points.

Meanwhile the partisans of the Anglo-Irish peace treaty are pushing forward their preparations for holding elections. Raids on branches of the Bank of Ireland continued today. Banks were raided in Tipperary, Bohle and Charleville, County Cork. In the latter place £19,000 were taken.

KILS WIFE THEN TAKES OWN LIFE

Newton, Mass., May 3.—William B. Powell, manager of the B. G. Dunn & Co. office in Boston tonight shot and killed his wife, Lena, when in the library of their summer home here. He then went to a room in the upper part of the house and committed suicide.

Friends expressed the belief that Powell was suffering from temporary insanity.

CAIRO, Ill., May 2.—For the first time in 46 days the gauge of the Ohio and Mississippi rivers today fell below the 50 foot mark here registering 49.6 feet, according to the local weather bureau. The previous duration record of flood water was 23 days in 1912. The two rivers are expected to drop below flood stage 45 feet Friday.

WILL PUT SOLDIER BONUS PROBLEM UP TO THE PRESIDENT

Senate Finance Committee Decided on Action Tuesday

(By The Associated Press)

WASHINGTON, May 2.—The soldiers' bonus problem is to be put up to President Harding again. This was decided today at a meeting of the senate finance committee. Republicans who agreed tentatively upon details of a measure embodying substantially the house bill plan of bank and government loans on adjusted service certificates in lieu of the original bonus proposal.

Senators said they desired the president's views on the newest bonus proposal as it would be a waste of time to go ahead with a measure the president might disapprove. They added that the visit of the committee to the white house would be deferred until a complete bill could be drafted and given further consideration by them.

Full details of the new measure were withheld, but as now outlined it would contemplate no taxes and aside from adjusted service certificates it would provide for vocational training, farm and home aid, and cash payments to veterans whose adjusted service pay would not exceed \$50. The so-called reclamation section of the house bill has been eliminated.

Will Be Urged to Approve Bill

President Harding will be urged to approve the measure in this form and will be told that it will impose no heavy burdens on the treasury during the next three years while the present public debt refunding operations are in progress. It is present thought of proponents that the ultimate necessary financing can be done by use of the foreign debt, tho there is a possibility that the treasury may have to issue some certificates of indebtedness to cover the costs in the first year or two, unless funds from the foreign debt become available meantime.

Estimates given to the majority today by Joseph S. McCoy, the government actually placed the ultimate cost of the new bonus plan at approximately four billion dollars with the first year cost \$77,000,000, the second year \$92,000,000 and the third year \$376,000,000. The large sum necessary in 1926 is explained by the fact that the government would make loans on the certificates in that year up to eighty per cent of the amount of the adjusted service credit, plus interest at 4 per cent.

During the first three years banks would be authorized to loan to veterans holding certificates one half of the sum of the adjusted credit.

ALLIED MEMORANDUM IS BEING DISCUSSED

(By The Associated Press)

PARIS, May 2.—The sub-commission on Russian affairs at Genoa according to Havas advices today discussed the allied memorandum article by article.

M. Seydoux of France proposed the further amendment of the article dealing with private property so that in the event that the soviet government was not able to restore the property itself it should not be able to make a concession of it to some other party.

Premier Lloyd George objected saying it was regrettable to modify the article again since an agreement had been on it yesterday and declared that the absence of the Belgians, though to be regretted, ought not to compromise the success of the Russian negotiations. The absence of France would not be a much more momentous and grave event, which might entail both for the conference and the general situation incalculable consequences.

M. Barre, the French ambassador replying said that the appeal for an entente would not be in violation but agreement with Belgium was essential in view of the French government. At the same time he was not opposed to the memorandum being given to the Russians at once, under reserve, however, of definite approval by the French government.

Mr. Lloyd George wished the resolution confined to the articles in question by M. Barre, refused, his instructions being categorical.

The discussion closed and the sub-commission decided to send the memorandum to the Russian delegation.

RALSTON SURE OF NOMINATION

BULLETIN.

INDIANAPOLIS, Ind., May 3.—Samuel M. Ralston, former governor of Indiana was piling up a big lead early today in the contest with four opponents for the democratic primary nomination for United States senator. In 342 of the 3,382 precincts in the state he received 18,692 while his nearest opponent had 3,553.

The reorganized City Council made a good start Monday night along the harmony way. The performance of all meetings in the past two or three years was repeated in that the aldermen voted unanimously on every subject presented.

Secretary Hughes told a committee that the Russian government as now constituted will not be recognized by the U. S. and he told his visitors why. It is characteristic of the present able secretary that he answers questions directly and his language is so simple and plain that there is never and doubt as to his meaning.

The park board has made public a new set of rules which indicate the board's intention to conduct the social affairs at the park with such careful supervision that criticism of conduct will not be justified. The park is a wonderful adjunct to the social and recreational life of Jacksonville and all that has been needed has been a little tightening up of the rules. In planning for a swimming pool, in improving the golf course, in making the other betterments and in the new rules the members

of the park board are manifesting the genuine desire they have to make the park of the greatest good to the greatest number.

Occasionally Samuel Gompers, head of the American Federation of Labor, makes a statement that indicates that he is not as radical in his views as generally believed. A recent speech in Chicago was one of these occasions, when the veteran labor leader appeared as a moderator and conservatist by comparison with some of his associates. Mr. Gompers is strongly and openly against the soviet government of Russia and senses a plot to have the radicalism of Russia get control of the labor organizations of the United States. The Chicago speech of Gompers threw down the gauntlet to Fitzpatrick and some of the extremists associated with him.

In Japan they say that fire fighting is done by contract. There are competing companies and sometimes it is not until after a fire starts that the "contract" is let for extinguishing it.

Here's a suggestion for Chicago. Perhaps the authorities there can find some group of men willing to take over the contract for law enforcement.

This is boys' week and is being observed in many cities with special programs, thru the interest of churches, clubs and other organizations. The week is not being generally observed in Jacksonville but that does not mean that the interests of boys are not receiving full consideration here. More than one Jacksonville organization is genuinely interested in the welfare of boys and this interest is maintained thruout the year.

Postmaster General Work in his announcement of postoffice improvement week, appeals not only to the loyalty of postal employees but to the patrons as well. The fact is, it's from the patrons that most of the "improvement" must come. The postal employee who is not efficient and interested in his work in serving the public is the exception. But it is too often the case that the patron is not willing by early mailing, care in addressing and other things in themselves simple, to do his share in making this "better service" a fact.

News stories of the unfortunate happenings at Frederick and the arrest of twenty-nine Greek workmen charged with complicity in the rioting, have been sufficient to bring to their aid their countrymen from several cities. These foreigners here in the land of promise in the time of need certainly do not lack for friends, for men of their own nationality who are genuinely interested in their welfare.

One cannot but wonder, if a group of American workmen on foreign soil were in a similar predicament, if men of their own nationality from other cities would flock so promptly to their assistance.

That was a significant statement made by a revenue department agent, in which he declared that the slump in land prices has not been nearly as marked here in Morgan county as elsewhere. There have been some changes in prices and some persons not familiar with conditions in other counties have been a little pessimistic about the local situation, but this witness tells us that Morgan county farmers and others who own lands here have reason for counting themselves fortunate that there was no sky rocket upward climb and so no toboggan slide to lower levels.

We have a solid conservative community, and after all, solidity is the best characteristic when you

are looking at things from a business standpoint.

AMERICAN LEGION
MET TUESDAY NIGHT

Appoint Committees to Join With G. A. R. and Other Bodies in Preparation for Decoration Day—Will Sell Poppies on that Day.

Jacksonville Post No. 279 American Legion met last evening in the Chamber of Commerce rooms. During the business meeting, which was held, the post approved the \$25 which was given to the flood fund. The matter of the honoring of "United States Government Meal Request Certificates" was brought up. Very recently a member of the local post walked out into a local restaurant and presented the certificate in payment for his meal, which was promptly refused. These certificates are backed by the government, and no restaurant man should refuse to honor them.

L. A. Cain, V. W. Edwards and C. E. Segner were then appointed to cooperate with other military, and semi-military organizations in the city in preparing to stage the Memorial day ceremonies. It was voted to purchase 5000 poppies, to be sold on Memorial day. During the course of the meeting Uriel D. Gouveia was taken into membership in the Post. The next meeting will be a social meeting which will be held May 16.

In order to stimulate attendance each member of the post present at the meeting is given a number. These numbers are placed in a box, and a drawing is made during the course of the evening, the winner receiving a cash prize. C. E. Segner was the lucky member last evening.

WEDDINGS

Wright-Perkins
The marriage of Roscoe Wright and Miss Vernie A. Perkins, both of this county, was solemnized at 4 o'clock Saturday afternoon in this city. The ceremony was performed by Rev. C. D. Robertson, pastor of Centenary church, at his home on East State street, and the witnesses to the ceremony were Mrs. Walter McCance, mother of the groom, and Mrs. Richard Perkins, the bride's mother.

The bride, as indicated, is a daughter of Mrs. Richard Perkins residing east of the city. She has spent her entire life in Morgan county and attended the public schools of her home community. She is a young woman of pleasing personality and has a wide circle of friends in various parts of the county.

Mr. Wright is a son of Mrs. Walter McCance of South Clay avenue. Until four years ago he was a resident of Bushnell, and since his home has been in this city he has gained a large number of friends. He has accepted a position with the P. & O. plow works in Canton and it is in that city that he and his bride will make their home.

RETURN TO NEW YORK
Mrs. M. M. Joseph and son Martin, who have been visiting relatives and friends in Morgan county for some weeks past, have returned to their home in Rochester New York.

Russell Turner became a patient at Oak Lawn hospital Tuesday.

DISCUSS QUESTION
OF SWIMMING POOL

State Sanitary Official Looks Over Proposed Site With Park Board Will Make Report to State Sanitary Board.

Yesterday afternoon, S. T. Barker, assistant engineer in the state sanitary department, visited the city for the purpose of looking over the proposed site of the projected swimming pool at Nichols Park.

In company with Mrs. Hollinger Terrence Brennan and S. W. Nichols of the park board and S. L. Miller of Caldwell Engineering Co., he visited the park and looked over the proposed site.

The natural contour of the ground is admirably adapted to the purpose intended. The pool, planned is 100 by 150 feet while detached from that is a small affair, shallow and just the thing for the little folks. The whole will be surrounded by a tall wire fence and back of that will be the upper part of a natural amphitheater for seats to be used by spectators.

The main pool will have enough deep water for divers and expert swimmers but attention will be paid to the fact that the majority of people who will patronize the pool will not be good swimmers and the depth of the pool will be regulated accordingly.

It is to be filled with fresh water from the city mains and emptied at suitable intervals, and every sanitary precaution will be taken. Persons desiring to bathe must have a clean bill of health that no contagious disease may be in danger of contaminating the water.

Some states require bathing suits to be cleaned or sterilized by an acknowledged and approved process not trusting the owners to have it done themselves.

The main question now to be decided is the disposal of the water which will be removed from the pool after it has been used a while. It must not be run directly into the lake as the state sanitary commission will not permit it. Mr. Barker made a very good suggestion which was adopted by the park board and will be submitted to the chief engineer.

It was to lower by the outlet valve the water in the Nichols park lake sufficiently to admit the water from the swimming pool without running it over into Manalaster lake whence comes the city's supply.

If it remains there long enough it will become automatically pure as water is not the natural element for disease germs. Then too, in passing from the pool into the lake it could go through a small pool where with chemicals it could be largely disinfected.

In case of a summer downpour sufficient to cause the lake to flow over the spillway, which would be very unusual, the water from the pool would be so diluted as to be harmless.

Mr. Barker will make his complete report to the state sanitary board and the decision will be communicated to the park board as soon as possible.

The park board is aware of the great demand for a swimming pool and trying its best to have one and have it right.

MISS ROBERTS DIES
AT LOCAL HOSPITAL

Death of Miss Harriet Roberts Came Tuesday Afternoon After Long Illness—Funeral to be Announced Later.

The death of Miss Harriet Roberts of Franklin came at 4:30 o'clock Tuesday afternoon at Our Saviour's hospital, where the deceased had been a patient for a number of weeks. Death followed an extended period of illness and relatives had known for some time that the end was not far distant.

In January the deceased underwent an operation at the American hospital in Chicago. Later she was removed to the hospital in this city in order to be nearer her home. Her condition from the first had been critical and everything possible was done to bring about recovery but without avail.

The deceased was a daughter of Mr. and Mrs. G. D. Roberts, and was born on the home place two miles west of Franklin. She attended the Franklin high school and later took a course at Browns Business college in this city.

The deceased had from early girlhood been a member of the Christian church and her life was one which was fully in accord with the teachings of that dominion. Possessed of a cheerful kindly disposition, the deceased was beloved by all who knew her and the news of her death will come as a great sorrow to many not in the immediate family circle.

Surviving are the father, three sisters and four brothers: Fred Roberts at home, Hal Roberts of Chicago, Morris Roberts of St. Paul and Donald Roberts of Battle Creek, Mich; Mrs. Lula Wright of Springfield and Misses Grace and Beulah living at home. The mother passed away in 1914.

The remains were removed to the funeral parlors of Arthur G. Cody and prepared for burial. The funeral will be held at Franklin, the hour to be announced later.

Harmony Lodge No. 3 A. F. & A. M. will hold a special meeting this evening at 7 o'clock. WORK. Visiting Brethren welcome.

OLD JACKSONVILLE
MORE STORE OCCUPANTS

(BY ENSLEY MOORE)
Member Illinois State Historical Society

This review of early stores and their occupants does not go back of the buildings which were on the north half of the West side of the Square in 1857, altho the writer can recall one earlier house there.

The Patriarch of this group then, as the name is a corner of the west corner of West State street and, on the immediate corner was the drug store of M. P. and A. E. Ayers, successors to their father, David B. Ayers. The building fronted doubly on the Square, and there was a door between the corner room and the north one. This door opened into a good sized hall with stairway leading up, in which locality Mrs. Eliza Ayers, widow of David B., had her rooms, and it had been the family residence, from the time of its erection, about 1831.

The north room, on the ground floor, was the banking quarters of M. P. Ayers & Co., Wm. H. Campbell being of the "Co." Mr. Ayers went from the drug store into the bank, in which he remained until his death, in 1902. Frank E. Dayton and Lyman L. Adams were clerks in the drug store. Mr. Campbell built the house, at the north east corner of West College avenue and Park street, afterwards occupied by Frank E. Dayton and the Hon. John Gordon. Mr. Campbell's first wife was Phoebe Adams, daughter of "Father" John Adams; and his second wife was Miss Persons, third wife of Moore G. Goitra. She was the mother of the Hon. Edward F. Goitra, now of St. Louis, Missouri.

King's Jewelry Store, now occupied by R. T. Cassell, came next to Ayers' building.

This King was Joseph W., father of Col. John W. King. The older King came here earlier than 1840; for he said he put out trees in front of his West State street house, south west corner of Diamond Court, in 1840.

The store was for that day—1857—quite a large and good looking place, and is not at all bad for these times.

Before that the lot had been occupied by a little one story frame shop, with a "bow window" probably the first bay window in this town.

LOCAL LAND VALUES
WELL MAINTAINED

Changes Here Much More Moderate than in Other Counties is Testimony of Federal Revenue Man Here On Business.

T. E. Raleigh attached to the revenue department of the federal government and an unbiased observer, is authority for the statement that land values in Morgan county have shown less variation of price in the last year than is true of many Illinois and Iowa counties.

Mr. Raleigh has been engaged in his present work for a period of years and is now in Morgan county checking up records with reference to the federal estate tax. In his work Mr. Raleigh has occasion to go over the record of transfers and it was based upon the information thus disclosed that he made the comment yesterday about the cooperative stability of local land values.

The district in which Mr. Raleigh is now working includes Pike, Morgan, Hancock, Brown, McDonough, Scott, Schuyler and Adams counties. However, he has previously been in Platt, Moultrie and Douglas counties, where many land values were at high point a year or eighteen months ago.

Two Underlying Reasons. "One reason," said Mr. Raleigh, "why the slumping off has not been great here is because land here did not get to the extremely high point recorded in other counties. However, I think the greater reason is because of your diversified crops and the character of the farming population."

"In some counties where I have been the farmers have money only twice a year, when they market their wheat and again when the corn is sold. Here the value of diversified crops is recognized and different lines of farming are followed with larger financial results and better soil conditions."

"Some of the other counties boosted land values to such an extent that reaction has naturally come about and with some unfortunate resulting conditions. As you may know, it was even worse in some parts of Iowa. However, in certain parts of Iowa where dairying and intensive farming operations are carried on the high land values have not slumped off to a very remarkable degree. But considering one locality with another and without any effort to compliment Morgan county people, it is a fact that general farming conditions must be better here than is true in the average community."

The federal government is particularly interested in estates with a valuation of over \$50,000. The state inheritance tax depends upon the relationship of the heirs, but the federal tax is figured on a different basis and depends altogether upon the value of the estate.

CEMETERY COM. SEEKS
ANSWERS FROM LOT OWNERS

Recently the newly appointed cemetery commission sent letters to lot owners in a certain area in Diamond Grove cemetery, suggesting a uniform charge for the care of lots. C. H. Russell, speaking for the commission, said yesterday that while only two or three persons had written to express their unwillingness to cooperate in the plan, that a majority of lot owners had given no answer at all.

The commission feels that most of the persons who have not been heard from favor the plan and are willing to co-operate in it, but the board does not feel in position to proceed with the work on this assumption and then render bills to

the property owners for the work done.

In order to put the whole matter on a definite basis the commission hopes that the lot owners will now make definite reply to the communication sent them. Either written or verbal authority will be satisfactory, and will enable the board to come to a better understanding of the real conditions.

S. L. Biggs who has been very ill for the past three months at his home on South Clay avenue is much improved and will probably be able to be out again. Mr. Biggs suffered a severe attack of pneumonia and his friends will be glad to know that he has recovered.

Letter From Colorado received the following letter from Luther Brockhouse, which will be of interest to many of his Morgan County friends:

Aurora, Colorado; Sunday, P. M. April 23rd.

Dear Mr. Henderson:

Just a few words this afternoon to let you know that we are among the living. We are enjoying the best of health.

Well, how is everything with you? I saw in the Journal where you were present at a surprise party last week, also some Chapin news. Our Journal has been coming irregularly; guess it is due to the awful floods around there and along the Mississippi River.

Well, I believe it would interest you that I am beginning to be a Radio fan. In fact I am half owner of a receiving set, and to tell you of the splendid results we are getting, I could not put it on paper. I will give you a little dope on our receiving set, and also to what we have received.

Our set consists of a coil, receivers, detector, condenser, and aerial. Everything we made except the receivers. We bought them at a cost of \$5.00. We have the instrument installed in our apartment.

Now as to the news: Last night between eight and nine o'clock we received news from Washington D. C. New York City, and Cairo, Ill. Also news of two policemen being shot yesterday at St. Louis, Mo. Also weather and stock report of Colorado, Utah, Nevada and Arizona.

We also have been getting music from Denver, and Fitzsimmons General Hospital, Aurora, Colorado. A I said in the beginning, I can not tell you all on paper. As you know, I used to work with telephones; let me say they are indeed too slow these days.

I would like to write much more, but my time is limited for I must get ready to tune in tonight at five o'clock, as some minister is going to deliver his sermon by wireless, and I want to get it.

There is also to be a concert at seven o'clock tonight.

Old neighbor, I hope you can listen in some day, if you haven't already done so, and get the dope as we get it.

I must tell you the surprise we got on my wife. Up to a few nights ago, she had very little faith in wireless, so last night I coaxed her into putting on one receiver, and she said Yes, that music is certainly great. Then she put on the other receiver and said the music was too loud. Now she, like thousands of others, is getting the "fever."

Are there any stations near you? If so, go some time and get an "earful," and a surprise.

I wish you would let mother see this letter. Tell her I received her letter and was very glad to hear from her. Will answer soon.

Well, neighbor I hope you and the folks are fine and doing well so you can help the people in the flooded districts. It must be awful.

Well, I must get ready to "tune in" Hope to hear from you soon, by letter or wireless. I close for today. Best regards to all, your old friend and neighbor, Luther Brockhouse and Wife

MAY PROBE PRICES OF ANTHRACITE COAL

(By The Associated Press)

NEW YORK, May 2.—An investigation of anthracite coal prices and of charges that operators and miners in joint conference here are purposely prolonging the present strike may be undertaken by the Lockwood committee, it became known today. Samuel Untermeyer, counsel to the committee, asserted that numerous civic organizations have made frequent demands for an investigation. He had not yet decided upon a course of action, Mr. Untermeyer said.

Labor members of the anthracite miners and operators' subcommittee on wage contracts which has been in session here since March 15 in an effort to agree upon a new scale tonight vigorously denied the charges alleged to have been made by Mr. Untermeyer. In the absence of S. D. Warriner, president of the Lehigh Valley Coal and Navigation Co. and spokesman for the anthracite interests other coal men at operators' headquarters refused to comment on the possibility of a probe.

"N (collusion exists between the miners and the anthracite operators," declared John L. Lewis, president of the United Mine Workers of America. "We have 155,000 men on strike in the anthracite fields because we cannot obtain a renewal of our wage agreement."

"We do not propose to assume any of the blame which properly accrues to the anthracite operators. We fear no investigation of the facts."

The union leader further declared that the miners were "not responsible for alleged practices of the operators nor for prices charged for the anthracite product."

Both sides in the controversy freely admit that no coal shortage exists at present, five weeks after the strike was called, altho it was predicted on April first that the existing supply would be exhausted eight weeks after that date. On the contrary Mr. Warriner declared several days ago that there was absolutely no market for anthracite coal at the present prices.

Recent scientific discoveries in various parts of the world go to prove that in by-gone ages there were birds big enough to fly a man into the air without difficulty.

WHITE HALL CHURCH PLANS TO REMODEL

First Baptist Church Revises Original Plans for Reconstruction of Church Edifice—High School Plans on Display—Other White Hall News.

WHITE HALL, May 2.—Architect Simmons, of Bloomington, met with the building committee of the First Baptist church Monday evening, submitting revised plans for reconstruction that were adopted in lieu of the original plans that carried a more elaborate undertaking that got some beyond not only present needs, but also the financial resources of the church organization, now fixed at \$20,000. The original plans on exhibition in the display window of A. B. Lewis will be displaced by revised plans to be submitted within ten days.

The second old-time play parties has just been held by Albert Smith in the uncompleted dwelling of his uncle, located immediately south of the Smith home on North Main street. These functions have been largely attended, and it was demonstrated that the old style parties are conducted of the greatest amount of wholesale enjoyment.

Judge Mark Meyerstein returned to Carrollton this morning, having spent the night with his mother, Mrs. Mary Meyerstein, on his return from a trip to Jacksonville.

Plans are progressing for wrecking the Seth N. Griswold residence on North Main street to make way for the new high school, plans for which are now on display at the First National Bank. Mr. Griswold will vacate in a short time. It is learned with pleasure by the many friends of Mr. Griswold that he has arranged for quarters at the home of Marcus North on West Franklin street.

W. A. Bailey was taken from Walton hospital to his home on Gregory ranch Saturday. He has made satisfactory recovery from the gunshot wound at the hands of Zachariah & Hurst on the 20th ad was permitted to leave the hospital in care of J. W. Campbell, who took Bailey to his home without any bad effect, although the arm is in bad shape, as well as his heart. Hurst is being held for the outcome of Mr. Bailey's condition, and is still in jail at Carrollton pending the statement of the physician that Bailey can attend the hearing which is not expected to be held for a week.

Dr. and Mrs. E. J. Peek returned Monday from St. Louis, where they spent the week-end. Dr. Peek's main purpose in making the visit was to attend the Shrine ceremonial in the coliseum Saturday night, at which there were 8,000 Shriners present, one thousand of whom constituted the class that was adopted in connection with this memorable Masonic event.

Misses Rose Woerner and Grace Hill, commercial telegraphers at St. Louis with the Western Union were week-end guests of friends and relatives.

J. W. Campbell drove down to Medora Monday with a delegation of capitalists, E. C. Boehm, T. E. A. Giller and G. W. Boyd. The party investigated a farm opportunity.

Mrs. Mary Bates departed Monday for a sojourn at Long Beach, Calif.

Mrs. J. H. Fox attended the funeral of Mrs. Alice Peas at Minonk, Ill., today. The deceased was a sister of Mr. Fox. The latter did not make the trip because of being under strict rest orders by his physician that is having most satisfactory results in bringing him out of his recent indisposition.

C. G. Nocker was called to Virginia, Ill., today by the death of his mother.

LEGION FRIENDLY TO ORGANIZED LABOR

Conferences Between Commander McCauley and President J. H. Walker are Quoted.

CHICAGO, Ill., May 1.—Proof of the friendly attitude of the American Legion toward organized labor, is given in a recent exchange of letters between Department Commander Wm. R. McCauley of the Legion in Illinois and President John H. Walker of the Federation of Labor. The letters are to be published in the Federation's weekly news letter.

A complaint from officers of the Twin-City Federation of Labor at Champaign that a man purporting to have official connection with the American Legion was importing non-union labor into Champaign gave rise to the correspondence.

President Walker of the State Federation informed Commander McCauley of the complaint of the Champaign unionist, and Mr. McCauley went immediately to Champaign where he conferred with local unionists and legionnaires and with the man whose activities were complained of.

Then writing to Mr. Walker, the State Commander of the Legion said the man had promised "that he would not allow the false impression to be conveyed that he had any official connection whatever with The American Legion, and that he was working in his individual capacity, for the Employers' Association and that the American Legion had absolutely nothing to do with the work which he is now doing."

"In the presence of these gentlemen," Commander McCauley wrote, "I plainly stated the position of the American Legion toward Organized Labor and showed them that a most kindly feeling existed between the heads of both organizations, and that under no circumstances would I, as Commander, permit anyone to use the name of the American Legion in any movement that was antagonistic toward organized labor."

IMPORTANT THEMES AT CIVIC CONFERENCE

Representatives of Many Cities Will Meet in Decatur Friday—Prominent Speakers Will Appear on Program.

Taxation, the crime wave, city planning, city manager form of government and zoning are among the subjects prominent in the public eye which will be discussed at the State-wide Civic Conference at Decatur Friday, May 5. The conference has been called by the Illinois Chamber of Commerce.

Recognizing the importance of state-wide co-operation on such matters, the Chicago Association of Commerce will send a special train of delegates from Chicago and nearby cities. Presidents and secretaries of chambers of commerce and other leaders of civic thought will be present from all parts of Illinois, including Cairo on the south, East St. Louis on the west and Rockford on the north.

Directors of the Illinois Chamber of Commerce will attend the conference in a body. They will arrive in Decatur the day before the conference, and on Thursday night will hold their annual spring meeting as the guest of Adolph Mueller, one of their number.

The morning session will be presided over by John H. Camlin of Rockford, president of the Illinois Chamber of Commerce. W. F. Hardy, chairman of the city plan commission of Decatur, will preside at the afternoon session, and Adolph Mueller of Decatur will preside at the night session.

Among the leading speakers will be Dr. A. R. Hutton of the National Municipal League of New York, who brought about installation of the city manager form of government in Cleveland. Other leading speakers will be Dean C. M. Thompson of the College of Commerce, University of Illinois, on "Chambers of Commerce and Taxes"; Mayor E. E. Crabtree of this city, "City Government"; Mayor H. West of the American Park Builders, Chicago; Charles H. Wacker, chairman of the Chicago plan commission; Mayor C. M. Borchers of Decatur; John Elder, manager of the Civic Department of the Chamber of Commerce of the United States; W. F. Hardy, Chairman of the Decatur City Plan Commission; J. B. Whitehead of Rockford, president Illinois Realtors' Association, and Harland Bartholomew, engineer of the St. Louis Plan Commission.

Harry Olson, chief justice of the Municipal Court, Chicago, will deliver an address on "Psychopathic Work," and Edward E. Gore, president of the Chicago association of Commerce, will lead the discussion on "Combating Crime."

The conference will be open to all who care to attend. Present indications are that from fifty to sixty cities will be represented by delegates from their chambers of commerce, city officials and real estate boards.

FEDERATED CLUBS TO HOLD CONVENTION

State Meeting of Women's Clubs Will Be Held in Springfield—Morgan County Organizations to Be Represented.

Morgan county women's clubs will be represented at the annual convention of the Illinois Federation of Women's club which will be held in Springfield May 23 to 25. The clubs of the Capital city are now busy with their plans and the convention promises to be one of the most interesting and profitable in the history of the state organization.

The sessions will begin at 9 o'clock in the morning of Tuesday. Following the address of welcome by Mrs. C. D. Wright, president of the Springfield club, the morning will be given entirely to the reports of officers. In the afternoon committees on rules and regulations, resolutions, friendly co-operation with ex-service men, restoration of art building in Jackson park, and Ellis Island and immigration, will report. In the evening there will be a district presidents' meeting. Wednesday morning nominations will be received for first vice-president, corresponding secretary, treasurer and general federation director. Following some

reports, Mrs. E. B. Griffin will lead a round table on "The Country Woman," and business will follow. In the afternoon Mrs. E. S. Bailey, president of the I. F. C. W., will discuss the policies of the federation and there will be talks on efficiency, finance and the endowment fund. The evening is to be given to a banquet at the Leland hotel, the chief speaker for which is Mrs. Edwin T. Johnson, whose subject will be "Leadership and Loyalty."

Conferences of the departments of work will consume Thursday morning. In the afternoon Mrs. William H. Hart, former president will lead a conference with county chairmen; Mrs. George Plummer, official parliamentarian, will conduct a question box, and during the latter part of the afternoon there will be a drive and exhibit at the Springfield Art Association. The convention will close with a talk on jazz music by Mrs. Marx Obendorfer, chairman of music for the General Federation of Women's Clubs.

Chicago, May 2.—Prevention of grade crossing accidents and other means of safety will be considered at a convention which will open tomorrow under the auspices of the safety section of the American Railway Association. Approximately 300 railway executives are expected to attend the sessions which will continue for three days.

WHITE HALL MAN GIVES SUMMARY OF WEATHER

R. B. Pearce Gives Interesting Facts About Weather for Month of April—Fire at Vandavey Home—Other News Notes.

White Hall, May 1.—The rainy season that ended on April 28th with the most disastrous floods in the history of the Illinois valley is a subject that has given some consideration in comparative figures contained in the April monthly report of R. B. Pearce, co-operative observer of the weather bureau, which show that the recent rainy season produced a greater amount of moisture than in a given period since local records have been established, but there are periods that have produced such a close figure in amount of precipitation as to leave in the mind a question as to the real cause for the high stage of the Illinois river this year.

The total rainfall for the month just closed is 8.28 inches, which including the March total of 7.97 inches, makes a total of 16.25 inches for the two months.

The stage of the Illinois river at Pearl went 23 feet 1 inch. The total for August and September of 1921 is 13.43 inches. The total for September and October, 1919, is 12.93 inches.

In August 1916 there was a total of 8.72 inches, of which amount 3.15 inches fell on the 15th and 4.30 inches on the four preceding days. The period from May to August inclusive, 1915, shows a total of 28.69 inches, and the only high water damage recorded is confined to Apple and Macoupin creeks. August and September, 1911, 13.82 inches. May, June and July, 1896, 20.53 inches. March, April, May and June, 1893, 23.48 inches. In this period the month of April shows 9.31 inches. April and May, 1892, 15.97 inches. May, 1889, shows the greatest monthly total, 10.63 inches.

In none of these periods is there shown that the Illinois river at Pearl attained a high water mark as much as 21 feet. Melting snows were not a contributing factor in the great difference in the river stage this year, and levees have been built during nearly the entire period covered by this report, but have been enlarged and made higher with each succeeding period of high water. Thus the confining of the river does not answer. But there is one answer in that the denuding of the forests of the Illinois river valley removes one of the leading absorbing elements in the absorbing moisture, a matter that is worthy of taking into account along with the finding of the engineers that the greater menace is the flow from the Chicago drainage canal.

The low water mark was established in 1897, and with the opening of the Chicago drainage canal this low mark showed a raise of ten inches, according to information on file in the local office of the co-operative observer.

BEARDSTOWN SCHOOLS WILL RE-OPEN TODAY

Lost Time Will Be Made Up By Continuing Sessions Thru Part of June.

Beardstown, May 2.—Supt. H. G. Russell, after a conference with C. J. White, president of the Board of Education, and other board members, announced this morning that the sessions of the Beardstown public school, discontinued over two weeks ago on account of the flood, will be resumed Wednesday morning.

"We believe now that it will be possible to open all schools Wednesday morning," Mr. Russell announced. "All school children of the city are notified to report at the usual hour on that day, unless notice to the contrary is given."

Reopening of the schools has been delayed because of the flooded basements, preventing the operating of the heating plants. This situation now has been met, it was believed today, and everything will be ready to resume all school work Wednesday morning. Postponement of the school sessions will be made up by continuing the school session during a part of the month of June.

Commencement exercises of the high school and the promotion exercises of the eighth grades have been postponed from the original dates fixed and will be held some time in June, at a date to be announced later.

"Time lost by the enforced vacation must be made up at the end of the semester," Superintendent Russell announced. "Just how late into June the school sessions will continue has not yet been determined, but the time will be decided upon after school work is again organized."

All school events in connection with graduation, including class day, Junior-Senior reception, and like events will be held at dates later than originally planned.

DEATHS

Haley.

Mrs. Ida J. Haley, 228 East College Avenue passed away at her home Tuesday noon, after a protracted illness. Her death is mourned by a host of friends and many relatives, for she has resided in this community all her life.

She was the daughter of George and Mary Dunovan Thorne, being born in Jacksonville, November 27, 1860. She was married in June, 1881, to Isaac J. Haley, who preceded her in death several years.

Mrs. Haley is survived by one brother, Henry Thorne, of Jacksonville and one sister, Mrs. Irwin Williams, of Gilman, Mo., and the following children, who were all present at their mother's bedside at the time of her death: Mrs. John Gloor, Mrs. Albert Wood, Mrs. William German, Miss Maud Haley, and Walter, Lester and Arthur Haley, all of Jacksonville; also Mrs. M. K. Guyton of Springfield and Mrs. Lester Shekels of Elkhart, Ind.

Mrs. Haley was a faithful and devoted member of the First Baptist church, uniting with it in her childhood.

Funeral services will be conducted at the Gillham Funeral Home by the Rev. A. P. Howells at 10 o'clock Thursday morning, and burial will be made in Diamond Grove cemetery.

Winchester Grades Cave Fine Program

First Five Grades of Public Schools Gave Entertainment Tuesday Evening—Constant Dwyer Has Car Stolen—Other Winchester News.

Winchester, May 3.—A very pleasing entertainment was given Tuesday evening in the Christian church by the first five grades of the Winchester public schools. The plans for the event were in charge of the teachers, Miss Riggs, Miss Sadie Townsend, Miss Maude Sperry, Miss Barbara Owings, Miss Louise Thompson, Miss Mary Owings with Miss Riggs serving as accompanist.

The play "Little Folks' Town," was well given by a number of the small children, and throughout the entire program the children were given hearty applause by the large audience present. The costumes were very attractive and all the arrangements for the entertainment were exceedingly well planned. The proceeds will be divided after the deduction of the expenses, and a part of the sum will go to the flood sufferers.

Constant Dwyer had his car stolen Tuesday evening at an early hour and all efforts later in the evening to locate the car were without success. The car was practically new and naturally Mr. Dwyer is very anxious to learn its whereabouts.

Baseball fans met recently at the Legion hall and organized a Winchester baseball club for the season. John Shillinger is the manager of the new organization and the initial game will be played Sunday with Chapin.

The K. of C. gave a dance in the Legion hall Monday evening for the benefit of the flood sufferers. Something above \$50 was cleared for this worthy cause.

Judge E. S. Smith arrived Tuesday and will convene the circuit court Wednesday morning at 9 o'clock.

Denmark is the only European country which has retained public executions.

Under Price Gas Ranges Mean Over High Gas Bills

Would You Prefer an Initial Saving of Three or Four Dollars, or a Monthly Saving of 50c to \$1?

The First Cost of the Gas Range is a Small Matter Comparatively; it is the Cost of its operation the Year Around That is the Most Vital Point for You to Consider

It Costs Less to Operate a New Method Than Any Other Gas Range

These figures were secured as the result of a most thorough competitive test with twenty makes of stoves.

Supposing that the initial cost of some unknown range was \$2.00 or \$3.00 less, and your gas bills were \$4.00 a month.

With the New Method there would be a saving in your gas bills per year of more than the difference in cost between the two ranges.

Is This Saving Worth While?

Especially when you consider that the New Method is enameled throughout, even including the burners, which makes it the most sanitary range made. Split oven doors, movable simmering burner and lighter, are the other features not found in any other stove.

FRANKLIN HOMEMAKERS CIRCLE MET TUESDAY

The regular session of the Franklin Homemakers Circle was held Tuesday afternoon at the home of Mrs. George Brown in Franklin. The attendance was large, among the guests present being Mrs. Louis Nanes and Mrs. Austin Seymour.

The program of the afternoon included a paper by Mrs. Charles McLamar on "Something About Norway" and Mrs. Charles Gibson gave a pressure cooker demonstration. The members responded to roll call by telling of "Birds I Have Already Seen." A general discussion of current events was the closing feature of the program. A very pleasant social hour came afterward, and the hostess served delightful refreshments.

The next meeting of the Circle will be at the home of Mrs. S. J. Mann on Tuesday, May 16.

Countrymen from Cities Still Flocking to Their Aid—Statement Issued by Visitors.

There were no local developments in connection with the twenty-nine Greek track men who are quartered in the county jail in the care of Sheriff Weatherford Tuesday, other than the arrival of additional interested countrymen from other cities.

The visitors include attorneys, interpreters and relatives of the men held in custody as suspects in the Frederick riot, in which the Schuyler county sheriff and two deputies were slain.

A Chicago attorney representing the prisoners is in Rushville where the Schuyler county jury has not yet concluded its investigation of the affair. A number of visitors from other cities after interviews with the prisoners last night issued the following statement, asking that the public look at the whole matter from an unprejudiced viewpoint and to credit the men with innocence until facts are brought forward to show them guilty of wrong doing. This is the statement:

Placed Ties Around Cars

"An unusual amount of prejudice seems to exist in the community where the trouble occurred which has resulted in the arrest of twenty-nine of our countrymen. Those under arrest have been working for the C. B. & Q. railroad for two years or more and heretofore have attended to their duties without molestation.

"During the recent flood they were sent to Rushville to assist in repairing damage done by the water. Some local residents were also employed and when the work was well under way the local track men were discharged and those in the regular section gang which was composed entirely of Greeks, were retained, in the employ of the railroad.

"This caused a feeling of hatred and jealousy and the foreman of the Greek gang asked that his men be moved to another point. The superintendent of the construction work informed the foreman that the necessary protection would be furnished and he in turn notified the sheriff of Schuyler county who promised every protection.

Prejudice Existed

"Friday night last before going to bed the men who are now under arrest here had placed ties around the cars in which they slept because of their fear of attack. Shots were heard and six of the Greeks left the cars and walked toward the officers. They have not been seen or heard of since. According to the statement of these prisoners, not one shot was fired from the cars.

"In conclusion, we wish to appeal to American fair-mindedness not to pass judgment in this case until after hearing both sides. We do not wish to shield any one who is guilty and only ask that justice be done fairly and impartially."

SOCIETY

Congregational Mission Society Met.

The Woman's Home and Foreign Missionary Society of Congregational church met yesterday afternoon at the social rooms of the Pilgrim Memorial. The program of the day was in charge of the Young Woman's Guild and the subject of the very interesting discussion was "The Southern Mountaineer." Miss Emma Daniels, Mrs. Earl Spink and Mrs. W. A. Fay took part in the program giving short talks on the life of the southern mountain people and the work done by the home mission department. Mrs. Hackett Wilder, accompanied by Mrs. Ralph Hutchinson sang a group of songs as the completing number of the program.

After the short business session a delightful social hour was spent. This part of the afternoon was in charge of Mrs. R. O. Post as hostess and delicious refreshments were served.

Called Meeting of Conservatory Alumnae.

There will be a called meeting on Friday afternoon at 4 o'clock in the Academy parlors of the Conservatory Athenaeum and Academy alumnae. This will be a business meeting and a full attendance is desired.

W. F. M. Society of Grace Church Met.

The Woman's Foreign Missionary Society of Grace M. E. church met yesterday afternoon at the home of Mrs. Herbert Capps on West College avenue. There was a good attendance and the meeting proved a very successful and pleasant one.

The program was opened with the devotional services led by Mrs. Charles Hopper and this was followed by a group of vocal solos by Miss Catherine Parker, accompanied at the piano by Mrs. Edgar Martin. The mission study was lesson Number 4 from the study book "The Abecedar," entitled "Where," and this was given by Mrs. E. D. Herald. A piano duet was given by Mrs. Stella Mahon and Mrs. Edith Richardson and this was followed by a reading, "The Old Old Story," given by Mrs. J. J. Reeve. A piano solo was given by Miss Jessie Wharton completed the musical part of the afternoon and the meeting then adjourned to a social hour.

During the pleasant social hour the hostesses served attractive refreshments. Those who were the hostesses for the afternoon were Mrs. H. P. Mahon, Mrs. R. A. Gates, Mrs. Nelson McMurphy, Mrs. Moore, Mrs. Sallie McCoy, Miss Alice Marsh, Dr. Abbott Norton, and Mrs. H. A. Perrin.

Parent-Teacher Association.

The parent-Teacher Association of the Franklin and Morton schools met yesterday afternoon at the Morton school for the last meeting of the year. An interesting program of music and dramatics was given by the pupils of the school and Superintendent H. A. Perrin made an address during the afternoon.

The children of the First and Second grades sang a group of songs and the Third Grade pupils presented a very clever little drama, "The Pig and the Hen" under the direction of Miss Stacy the teacher. "The Frogs at School" was the song given by the pupils of the Third and Fourth grades under the direction of Miss Ludwig. After this part of the program Mr. Perrin made an address on the subject "The Schools as the Mainstay of the Nation."

He traced the development of the American schools from the time of Madison and Washington and showed how the modern school has evolved as a social institution. "The most important task of the school of today is to teach people to think in three ways, the civic, business, and the moral and social." Mr. Perrin stated in closing. During the afternoon, Mrs. George Baxter, who attended the State School Convention in Chicago last week, gave a report of the gathering. A pleasant social hour came at the close of the meeting. The hostesses for the day were Mrs. Harry R. Hart and Mrs. Lloyd Vasconcellos.

Bridge Party at Elk's Home.

A bridge party was given at the Elk's Home last evening for the benefit of the Illinois River Flood Relief fund. The hours of playing were from eight o'clock until eleven and there was about forty tables of cards made up. The committee in charge of the affair made rules governing the playing and a limit of twenty minutes was placed on the playing of four hands. Each person kept the same partner throughout the evening and progression was made from table to table. The social committee in charge of the party included Harlan Williamson, Hugh Breeden and Elmer Lukeman.

Give Dance for Cast of K. C. Minstrels.

The cast of the Casey's Fun Revue were the honor guests at a dance given last evening at the K. C. Hall by the members of the lodge. Those that assisted the cast and the members of the K. C. Basketball team were invited to the dance and there were about twenty-five couples in attendance. The Darley-Brown Serenaders furnished an excellent program of dance music. The committee in charge of the dance included Leo Clancy, Frank Doyle, James Flynn, Carl Hamilton, and Albert Strauser.

REAL ESTATE MEN HAVE ORGANIZATION

Perfecting Organization of Jacksonville Real Estate Board Last Night—Charles Story President.

Nine local real estate men met last evening at the office of C. O. Bayha, with Mr. W. C. Johnson, of Danville, Ill., who is chairman of the state board of the license committee. Under his direction the local men formed what will be known as the "Jacksonville Real Estate Board." The motive of the organization is to standardize the fees charged for appraisal of property, as well as the commission on buying. The board will also take an active interest in all movements for the betterment of the community. The membership fee is \$5 per year, and any licensed real estate man is eligible for membership. The territory to be covered is unlimited. The following officers were elected:

President—Charles Story.
Vice President—George Deweese.

Secretary—Homer Ranson.

Treasurer—John Hodgson.
A motion was then made and seconded that a vote of thanks be given to Mr. Johnson for coming to help organize the Board, and to Mr. Bayha for the use of his office as a meeting place.

Messrs. Ranson, Deweese and Hodgson were then appointed on a committee to nominate two committees of three persons each, to look after the membership, and the by-laws respectively.

Thru the generosity of Mr. Welch, secretary of the Chamber of Commerce, the next meeting of the Board and the succeeding meetings will be held in the chamber of commerce rooms. After other minor business was transacted, the meeting adjourned to convene May 8.

HI Y CLUB HELD REGULAR MEETING

Was Held at Central Christian Church—Committee Appointed to Nominate Officers.

The Hi "Y" Club held its regular weekly meeting at the Central Christian church last evening. A very delicious supper was served under the able direction of Miss Eleanor Thompson of Illinois Woman's College.

During the business session which followed a committee was appointed to nominate officers for the coming year, also a committee to investigate various entertainments, which might be given for the benefit of the club.

The theme for bible study was "Temple Worship."

The interview meeting which is a part of the Self Analysis program, will be held at the Central Christian church on May 11. A. L. Mayor, district secretary will assist.

HUGH S. WESTON HAS FEDERAL POSITION

Announcement has recently been made of the appointment of Hugh S. Weston to the position of officer under the shipping board and assigned to duty at Norfolk, Va. Strawn's Crossing Club Met With Mrs. Strawn.

The Strawn's Crossing club held its regular meeting Tuesday afternoon with Mrs. Robin Strawn with a good attendance of members and several guests. Two papers were presented during the afternoon. One prepared by Mrs. Edward Deaton on the subject "Father's Day" was read by Mrs. Roy Nowberry. The other was by Mrs. Frank Hunter and dealt with the life of Madame Curie. The club also voted to give \$20 to the isolation hospital the amount to be raised later by a social. This was the meeting for the annual election of officers and the following were chosen:

President—Mrs. A. C. Foster.
Vice President—Mrs. Edward Phillips.

Secretary—Mrs. J. W. Rawlings.

Recording Secretary—Miss Anna McDonald.
Treasurer—Mrs. A. D. Arnold.
Guests of the club were: Mrs. Albert Hopper, Mrs. Vol Sevier and Miss Bertha Wilson of Peoria. Following the program and election the hostess served refreshments.

The next meeting will be held with Mrs. Frank Green, May 16.

Gave Farewell Party for Mrs. Mendonsa.

Mrs. Julia Mendonsa's Sunday School Class of the Northminster church gave a farewell party last evening at the home of Mrs. Harry Oliver, in honor of their teacher, who is soon to make her home with her daughter, Mrs. Lucille Brown of Springfield. The evening was enjoyed by all present. Dainty refreshments being served during the evening. Members of the class presented their teacher with a bible, as a token of their gratitude for her faithfulness and devotion as a teacher. Those present were Mrs. Julia Mendonsa, Mrs. Lucille Brown, Mrs. Eliza Baptist, Mrs. Minnie Sperry, Mrs. Louise Smith, Mrs. Lillian Sardinah, Mrs. William Biber, Mrs. Lula Nunnis, Mrs. Nettie Rogers, Mrs. Della Dicker, Mrs. Nellie DeSilva, Mrs. Marie Flynn, Mrs. Clara Oliver and Mrs. Julia Viera.

WILL OF MR. NOONAN PLACED ON FILE

The will of the late John Noonan was filed for probate in the office of County Clerk Riggs Tuesday. Mr. Noonan's will was made Dec. 22, 1919, and the signature was witnessed by Elizabeth Dunavan and J. Weir Elliott. The document provides for the immediate sale of property in Cook county owned by the testator, and the proceeds from this sale, together with all other personal property, and all real estate, are to pass into the ownership of Mrs. Noonan for her lifetime. At her death the title to all property is to pass to their daughter, Mary Margaret Noonan.

It is provided that Mrs. Noonan is to serve as executrix without bond and in event of the death of the daughter before the mother then Mrs. Noonan has the right to dispose of the property by will. The will makes the suggestion that in important matters of business, Mrs. Noonan consult with J. Weir Elliott, friend of the testator.

Life Insurance as Collateral

Suppose a man has a piece of real estate worth \$5,000 and he finds himself in urgent need of money. Ordinarily he can borrow 50%, or \$2,500 on it, unless it is already mortgaged as considerable real estate is.

Then, take the case of a man, age 40, who has a twenty payment life policy on which he has deposited \$5,000 \$500 a year for ten years); upon this he can borrow 75%, or \$3,750, immediately from the company and without any expense except a normal rate of interest.

Aid line life insurance is a savings as well as protection. If you live you enjoy the benefits of your savings; if you die you have provided for others as you would have done had you lived.

Meanwhile, the properly insured man knows he has taken the wise and prudent course.

FORMER RESIDENT MARRIED IN CHICAGO

Miss Beryl Wallace Weds. Paul Rathfon — Miss Margaret Clamplitt Attended the Wedding.

Many Jacksonville people will be interested to learn of the marriage of Miss Beryl Wallace, formerly of this city and Paul Rathfon of Harryburg-Dunkirk, N. Y. The wedding took place in Chicago on Saturday, April thirtieth, at the home of the bride's parents, Mr. and Mrs. Wilbur Wallace. Miss Margaret Clamplitt of Jacksonville has just returned to her home here after attending the wedding. Miss Clamplitt has been in Louisville, Kentucky for the past two months and returned by way of Chicago in order to be present at the wedding.

The bride is the daughter of Mr. and Mrs. Wilbur Wallace who formerly lived in Jacksonville. Miss Wallace was a member of the faculty of Brown's Business College and was popular in Jacksonville social circles. She was a member of Trinity church during her residence here. The groom is the son of Colonel and Mrs. E. J. Rathfon of Harryburg-Dunkirk, New York.

Miss Verna Wallace, the sister of the bride, was the maid of honor and John Rose of Buffalo, New York acted as best man. The bride was beautifully gowned in white duchess satin and her tulle veil was fastened with a coronet of orange blossoms. The maid of honor wore a frock of pere-

winkle blue crepe romaine and a picture hat to match. Mr. and Mrs. Rathfon left immediately after the wedding for a motor trip through the east.

BI MONTHLY MEETING OF NURSES TUESDAY

The regular bi-monthly meeting of District 13 of the Illinois State Association of Graduate Nurses was held in Jacksonville yesterday with about thirty-five nurses in attendance. The business sessions were held in the basement of the Ayers Bank building and a large amount of routine business was transacted. In the afternoon there was also a round table discussion of the nurses in the department of public health.

At three o'clock in the afternoon the nurses went to Oak Lawn Sanitarium where they were shown thru the institution by the managing officers. During this time a social hour was enjoyed and refreshments were served.

The nurses present from out of town were: Miss Nell Rimbey of Murrayville, Mrs. Ellis Brainer of Joy Prairie, Miss Bain of Taylorville, the Misses Keefe and Swank of Decatur, the Misses Dalby, Wallace, Davis, Lawrence, McCullom Mayer and Boswell all of Springfield, and also Miss Mary Groves of Chicago.

PUBLIC SCHOOLS ARE FIGHTING SCARLET FEVER

The public schools are making an effort to combat the apparent spread of scarlet fever. While there are only a few spots where there is any anxiety, yet an effort is being made to guard it in every way possible. At the Junior and Senior High schools a full time nurse has been put on to make inspections of children present and also to inspect students who are returning to school.

The general plan is that all students who are out of school shall be looked up by either the attendance officer or nurse division in order that there may be no question whatever as to the cases. The schools are asking the fullest cooperation of parents and citizens in this matter.

Students returning to school must either bring a doctor's certificate or be examined by the school nurse before being allowed to reenter.

The whole movement is simply one of precaution and with the cooperation of all the apparent danger of spread may be largely eliminated.

CALLED TO ST. LOUIS

Herman Shanken had some very important business in the store yesterday but word came that a son had arrived in his home in St. Louis and immediately he took his departure for the city at the other end of the bridge to get acquainted with the young stranger.

Mr. and Mrs. Elmer McCullough of Riggston and daughter Mrs. Paul Markille of Winchester were among shoppers on the square yesterday.

THE WOMAN OF POISE

Once a rarity, is now to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern, complicated life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous, flustered individual wastes her talents and gets nowhere. Of course poise is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?

NEWS OF THE SPORT WORLD

FOUR HOME RUNS FEATURED GAME

PHILADELPHIA, May 2.—Four home runs, three of which were made in succession in the fourth inning today, gave Philadelphia the deciding game in the series with Washington 11 to 2. Walker's home run in the first inning scored Johnson. In the fourth with two out, Walker again made a homer scoring Young. Perkins and Miller followed also with circuit smashes. After that Mogridge was ejected, and Francis finished the game, holding the Athletics to two hits. The score:

Washington 000 000 11-2 7 1
Philadelphia 210 602 00x-11 14 1

NEW YORK POUNDED BOSTON PITCHERS HARD

New York, May 2.—The New York Yankees came out of their batting slump here today and easily defeated Boston in the last game of the series 12 to 6. Schang had a finger on his throwing hand split by a foul tip in the fifth inning and was forced to retire. Umpire Walsh put Manager Huggins on the New York bench in the third inning. The score:

Club— R. H. E.
Boston 002 100 021-6 9 2

CLEVELAND HITS BATTING STRIDE

Indians Pound Three White Sox Hard and Win 10 to 6—Coveleski Also Hit Hard But Good Fielding Save Him.

CHICAGO, May 2.—Cleveland struck its batting stride today and pounded out a 10 to 6 victory over Chicago thereby breaking a losing streak of five games. The locals used three pitchers in an attempt to stop the scoring. Coveleski was hit hard but was given great support especially by Wood who speared Sheely's drive in the third inning after a long run.

PEPPER MARTIN KEYS BABE HERMAN

NEW YORK, May 2.—Vincent, "Pepper" Martin of Brooklyn tonight knocked out Babe Herman, Los Angeles featherweight, in the first round of a scheduled fifteen round bout in Madison Square Garden.

Herman dancing about his opponent fell into a left swing that carried him across the ring. He landed off his back and took a count of five. Arising he danced again, then went down under a series of body blows and rights to the jaw and took the full count.

One minute and 45 seconds of the round has passed when the referee finished counting over Herman. The Californian was carried to his corner and was revived after five minutes.

WEISSMULLER SETS ANOTHER RECORD

CULVER, Ind., May 2.—Johnny Weissmuller of the Illinois Athletic Club established his twenty-third world's record today when he finished the 100 yard swim in the Culver Military Academy pool in 59.2-5. The former record of 60 1-5 was held by Duke Hanamaku.

JOHNSON EXONERATES PITCHER ROBERTSON

Is Unable to Find Anything Wrong With Balls Used in Detroit No Hit No Run Game.

CHICAGO, May 2.—President Ban Johnson of the American League today absolved Charles Robertson, Chicago White Sox pitcher, from any suspicion of having used a foreign substance on the ball in pitching his no-hit, no-run game against Detroit at Detroit last Sunday.

During the game and after it was over there were intimations that Robertson had tampered with the ball and that oil was used to make the ball hop freakishly.

Ty Cobb, manager of the Detroit team wrote a letter to President Johnson regarding the matter.

Today Umpire Nallin brought to Chicago two of the balls used in the contest with Detroit and submitted them to President Johnson for inspection.

After an examination it was announced that any oil on the balls without doubt came from batting the pellets against a screen at the rear of the home plate which had been oiled to prevent rust.

"I consider Robertson one of the cleanest pitchers in organized baseball today," President Johnson said in commenting on the case.

Robertson's record of having pitched a no-run, no-hit game and having allowed no opponent to reach first base has been equalled but five times in the history of organized baseball and only twice previously under modern major league conditions.

HAINES PITCHED GREAT GAME AGAINST WATCHES

SPRINGFIELD, Ill., May 2.—Jesse Haines, Cardinal speed ball hurler held the Illinois Watches hitless today and won an exhibition game 1 to 0. It was a pitchers' duel throat, with Baxter, spitball artist for the locals also tossing an airtight game. He allowed seven safeties which were scattered thru as many innings. St. Louis' score came in the sixth when Smith reached second on an error went to third on a sacrifice and counted on Hornsby's scratch hit. Hornsby struckout his first two times at bat.

Score:

Club— R. H. E.
St. Louis 000 001 000—1 7 2
Illinois Watches 000 000 000—0 0 3
Haines and Clemens; Baxter and Hruska.

GIANTS MADE IT FOUR STRAIGHT GAMES

Boston, May 2.—New York made it four straight from Boston today, Ryan pitching the world's champions to a six to three victory while Marquard was knocked out of the box in the first inning. The play of Rawlings was brilliant. Powell and Kopf did the best work for Boston, which now has lost seven in a row. The score:

Club— R. H. E.
New York 310 010 010-6 10 0
Boston 000 100 101-3 10 0
Ryan and Smith; Marquard, Watson, Fillingim and O'Neil.

EHMKE'S PITCHING TOO MUCH FOR BROWNS

Detroit, Mich., May 2.—Ehmke held St. Louis to five hits today and Detroit won the opening game of the series 2-1.

The Tigers hit Shocker opportunely while his opponent tightened in the pinches and was given good support. The score:

Club— R. H. E.
St. Louis 000 010 000-1 5 0
Detroit 002 001 00x-3 10 1
Koshericker and Severeid; Ehmke and Bassler.

LOMBARD FINDS KNOX COLLEGE EASY

GALESBURG, Ill., May 2.—Lombard College defeated Knox 19 to 3 today in the first baseball game of the local season. Eight Knox errors coupled with two Lombard home runs, allowed the victors to pile up their ten runs. Swanson hurling for Lombard allowed Knox but seven scattered hits. Griggs pitched the final inning for Knox and held Lombard to one home run by Lamb. Lombard counted six tallies in the fifth when a single, three errors, a triple and a homer proved disastrous to Knox.

NERVOUS PROSTRATION IS MENACE TO AMERICANS

Strenuous Mode of Living Making this Disease Common

This may well be called the nervous age. Everywhere you find people suffering from some form of nervous exhaustion. Hospitals and sanitariums are overflowing with men and women seeking to win back health of body and mind. If you are a victim of the strenuous life, if you can't sleep, if you are on the verge of a nervous breakdown, read here what Mr. P. D. Shade, Schuyler, Pa., says:

"Twelve years ago this spring, I had a very severe attack of nerve trouble, and although I was treated by three different doctors, I got very little relief until I tried Dr. A. W. Chase's Tonic Pills. After using these pills a few weeks I could feel a big change in my condition, so continued this treatment for three months. I don't think I ever felt better in my life than I did after using Dr. A. W. Chase's Tonic Pills, and whenever I feel my nerves are getting run down, I use some of these pills. I don't think there is any other nerve medicine that will do what Dr. A. W. Chase's Tonic Pills will."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box. This trade mark is your protection against imitations and substitutes.—Advertisement.

LIGHT TRADING ON STOCK EXCHANGE

NEW YORK, May 2.—The stock market opened today's session with a continuance of the recovery from last week's partial relapse but without frequent periods of hesitation on reduced dealings. Sales of about 1,100,000 shares were almost the smallest of any full session since the early part of April.

Rails again were a negligible factor, their decline being ascribed to further declines in carloadings and unofficial reports including that the interstate commerce commission soon would declare drastic cuts in freight rates. The only transportation to manifest strength were Chesapeake & Ohio and Chicago and Eastern Illinois new stock.

Some of the day's prices were registered in the final hour leaders such as Studebaker, Baldwin, Michigan Petroleum and coppers then were brought forward in a drive against the shorts at gains extending from one to almost three points with Associated Oil the outstanding feature on its rise of seven points.

Eliminating the coal strike, industrial developments were encouraging. Iron foundry in the Chicago district announced another advance of one dollar for pig iron, production of fabricated materials by leading steel manufacturers rose to eighty six per cent of capacity and the smaller independents were reported to be operating on a 65 per cent basis.

Call loans rose to five per cent after having opened and held at four per cent with unusually free offerings at the lower quotation. Local transactions again were the most conspicuous features of today's most active bond market issues of wider scope showing occasional irregularity.

Government offerings were decidedly mixed all the Liberty issues closing at slight reactions on smaller dealings.

Total sales (par value) aggregated \$18,432,000.

Your Kind of Battery Needs Our Kind of Service

To get all the miles and months out of your battery it must have proper care from the very first day you put it in service.

That means having water put in at least twice a month, and seeing to it that the charge is kept up to the proper point.

Also to come straight to Battery Headquarters the minute you suspect your battery isn't up to the mark.

Free testing and filling—Best advice always.
